

## THE WAY TO THE WORLD BIGGEST FAST FOOD SECTOR 'DÖNER KEBAB'

Annual turnover in Europe: 15 billion euros

Do you want to start 'TURKISH DÖNER KEBAB - GERMAN DÖNER KEBAB' business?

Turkish original name: Döner Kebab

Arabic: Shawarma

Greek: Gyros

### ABOUT US:

In the year of 1934 our grandfather opened the first Kebab shop in the family. When I was 6 years old (in 1964), I got a big classic long Kebab knife from my father to cut my first Döner Kebab.

In 1974, the first '**German Döner Kebab**' shop was opened in Nurnberg.

We have one of the most professional teams for making Döner Kebab.

Our Döner Kebab is easily made with our machines and equipment, and tastes the same no matter if you eat it in our restaurants in Döner Kebab Germany, Döner Kebab Turkey, Döner Kebab Britain, etc.

**After pioneering in Döner Kebab business in Turkey and then Germany, German Turkish Döner Kebab (GTD Kebab) started collaborating with entrepreneurs across the globe and opened successful outlets in countries like Malaysia, Iran, Namibia, Abu Dhabi, Oman, Ukraine, Jordan, Serbia, Tunisia, India, Lebanon, Mongolia, and others.**

Mr. Muhittin Kaynar, the director of 'GTD Kebab', has been spearheading companies and also opened multiple outlets across the globe.

Since food type in every country is distinct, GTD Kebab provides authentic recipes for the production of genuine German Döner Kebab as well as machines for the preparation of Döner Kebab, which are further fused and adapted to the local tastes.

Since 1995 we stopped running Kebab shops and instead we opened one of the biggest Gastronome-Kebab shop machine factories in Istanbul (Turkey) with more than 90 employees.

Our main products include:

Electric Kebab Grill machine / gas Kebab Grill machines, electrical Kebab knife, manual Kebab knife, and more than 15 other products.

### WE PROVIDE:

- Consultation for opening Kebab shops and Kebab manufacture
- Complete Kebab shop setup
- Complete Kebab fast food shop – Kebab shop planning
- Complete Kebab shop machines and Kebab shop equipment
- Professional Kebab chefs for working outside of Turkey
- Professional Kebab chef training in your country and in your Kebab shop
- Döner Kebab machines and equipment for producing 30 kg to 5 tons daily

### **The most famous Kebabs from more than 50 Turkish Kebab assortments:**

- Iskender Kebab (Iskander Kebab)
- Minced meat Döner Kebab (Lamb Döner Kebab-Beef Döner Kebab)
- Sliced red meat Döner Kebab
- Mix Döner Kebab
- Chicken Döner Kebab
- Cag Kebab
- Adana Kebab
- Urfa Kebab
- Beyti Kebab
- Firinda Kebab
- Shish Kebab
- Tantuni

### **The most famous Turkish Pide assortments (Turkish pizza)**

- Kiydaki Pide
- Kusbabsili Pide
- Karisik Pide
- Kasarli sucuklu Pide
- Ispanaklı, kıymalı, kasarlı, yumurtalı harman Pide
- Lahmacun
- Etli Pide

### **Some Kebab bread assortments:**

- Tirmakli Pide (Pita)
- Tombik Bread
- Yufka Bread
- Sarma
- Dürüm
- Lavash
- other breads and boreks

Only one professional chef is able to train you and your workers to prepare this delicious food.

**Make your menu together with our professional chefs and set up your shop.**

### **Mr. Sahin: one of our main chefs**

German Turkish Döner Kebab (GTD Kebab) food planning is run under the guidance of our Executive Chef, Mr. Sahin Bulut.

With world-class dining experience of serving prominent places like Princess Hotel Casino (Bulgaria) and World Exposition Shanghai (China), Chef Sahin has been setting up menus and recipes for Döner Kebab across the globe. One can recognise the capability and experience of Mr. Sahin as he has served as a mentor to famous Chef Nusrat of Salt Restaurant.

## Standart Tea Brewing Automats

### EN

- Manufactured from 304 stainless steel.
- Tea and filter parts are made of stainless steel.
- Provides tasty tea long time.
- 7 sizes.
- Hygienic and durable.
- Automatic temperature control system is efficient.
- There are heat-insulated handles.
- The product has a level indicator for water and tea.
- Water heating system is specially designed.
- Stainless steel tubular heating elements are used in the product.
- Safety system.
